ELIGE QUÉ Y CÓMO QUIERES VIVIR...

En **Fisura** siempre miramos hacia delante con firmeza y optimismo. En estos últimos meses hemos aprendido que la esencia de la vida está en sentirse a gusto en cualquier lugar y ante cualquier circunstancia. La búsqueda de **ese sentimiento es lo que nos ha animado más aún a trabajar para inundar nuestra nueva colección de luz, color, aroma, asertividad, diversión** y para haceros experimentar estas buenas sensaciones.

En esta colección AW2021 continuamos con la misma tendencia alegre, original y canalla que nos define. Ampliamos líneas de productos y presentamos novedades con las que nuestros clientes se sentirán realmente identificados con nuestra marca. Además **te presentamos colecciones formadas por distintas líneas de producto basadas en la misma temática** para ponerte más fácil crear distintos ambientes.

CHOOSE WHAT AND HOW YOU WANT TO LIVE.....

At Fisura we're always looking forward with firmness and optimism. During last months we have learned that the essence of life is to feel at ease in any place and in any circumstance. The search for **this feeling is what has encouraged us to work even harder to flood our new collection with light, colour, scent, assertiveness, fun** and to make you experience these good feelings.

In this AW2021 collection we continue with the same cheerful, original and scoundrel trend that defines us. We are extending our product lines and presenting new products with which our customers will feel truly identified with our brand. We also **present collections made up of different product lines based on the same theme** to make it easier for you to create different atmospheres.

CHOISISSEZ CE QUE VOUS VOULEZ VIVRE...

Chez **Fisura**, nous regardons toujours vers l'avenir avec fermeté et optimisme. Ces derniers mois, nous avons appris que l'essence de la vie est de sentir à l'aise en tout lieu et en toute circonstance. C'est la recherche de ce sentiment qui **nous a incités à travailler encore plus dur pour inonder notre nouvelle collection de lumière, de couleurs, d'arômes, d'affirmation de soi, de plaisir et pour vous faire vivre** ces bonnes sensations.

Dans cette collection AW2021 nous continuons avec la même tendance joyeuse, originale et voyou qui nous définit. Nous élargissons nos lignes de produits et présentons de nouveaux produits avec lesquels nos clients se sentiront vraiment identifiés à notre marque. Nous **présentons également des collections composées de différentes lignes de produits basées sur le même thème** afin de vous permettre de créer plus facilement différentes atmosphères.

FISURA DOORMATS

NUESTROS FELPUDOS

FISURA doormats are made from the husk of the coconut. The coconut growers on the coast of **Kerala**, in **Southern India**, use every single part of the coconut, during this process **nothing is wasted**. The final result is a durable, tough and easy-to-clean floor mat.

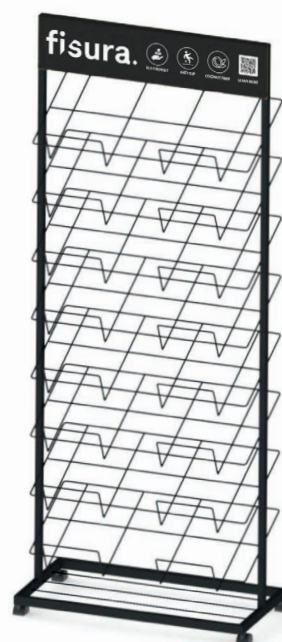

Los felpudos FISURA están hechos con la cáscara del coco. Los productores de coco de **Kerala**, en la costa del sur de la India, utilizan todo del coco, por lo que prácticamente **nada se desperdicia**. El resultado final es una alfombra de piso duradera, resistente y fácil de limpiar.

FIBER

MADE IN INDIA

HOW ARE THEY MADE?

Each mat uses the husks of about 25 coconuts

Cada felpudo utiliza la cáscara de cerca de 25 cocos

The husks are first “seasoned” in the lagoons off the coast, then each husk is beaten by hand to extract the fibre

Las cáscaras primero se “sazonan” en las lagunas de la costa, luego se golpean a mano para extraer la fibra

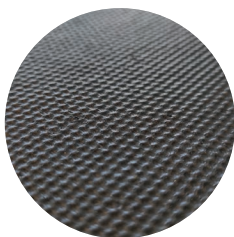

The doormats are painted and colored by hand one by one using different stencils

Los felpudos son pintados y coloreados a mano uno a uno utilizando diferentes plantillas

A traditional open-air sun drying technique is used to fix the paint on the surface of the doormat

Se utiliza una técnica tradicional de secado al sol al aire libre para fijar la pintura en la superficie del felpudo

The anti-slip backing keeps the mat firmly in place and reduces the risk of slipping

La base antideslizante mantiene el felpudo firme en su lugar y reduce el riesgo de resbalones

Manufactured using **100% natural raw materials** seasonally grown with virtually no impact on the climate.

Elaborado con materias primas **100% naturales** cultivadas estacionalmente sin impacto en el clima.

Son las cosas pequeñas en la vida las que marcan la diferencia. **KARL CETTIN** es una cuidada combinación de un nombre propio en la moda y otro más común en nuestro día a día; esta es la mezcla perfecta para nuestra marca de calcetines.

Fieles creyentes de esta filosofía, **KARL CETTIN crea divertidos calcetines que son llamativos, atractivos para lucir y que se miren.** Cada par muestra un toque de personalidad y comodidad en tus pies.

Tejidos con una **combinación de algodón, polyester y licra elástica.** Con nuestros cómodos calcetines tus pies no sufrirán mientras sobrellevas como apuedes la jornada; son como un cojín! - KARL CETTIN propone **modelos para todos los públicos, para los más animados, atrevidos, para jóvenes y no tan jóvenes, hombres y mujeres,** los más serios y aquellos con menos vergüenza.

Por eso nuestras colecciones KARL CETTIN son unisex y de talla única (valen para todos!). **Fabricados en Portugal** de manera sostenible, a pocas horas de nuestro almacén en León, España.

.....

It's the small things in life that make all the difference. **KARL CETTIN** a careful curated combination a name and a substantive that just fit perfect for our sock line.

Strong believers in this philosophy, **KARL CETTIN creates playful socks that are as nice to wear as they are to look at.** Each colourful pair places a reliably cosy accent on your feet.

Woven in **a blend of cotton, polyester and stretchy spandex.** Our cosy socks cushion your soles as you travel throughout the journey while channelling the light -hearted side in all of us, **both young and old, men and women, serious and ever-so-silly.**

That is why our KARL CETTIN collections are UNISEX & ONE SIZE FITS ALL. Sustainably **produced in Portugal,** only a few hours drive from our warehouse in León, Spain.

NUESTRAS MASCARILLAS

Las mascarillas protectoras **FISURA** son **fabricadas en Portugal** por un equipo de profesionales con más de **30 años de experiencia** en la confección y diseño de ropa. Han sido testadas y cumplen todos los requisitos indicados por el ministerio de consumo, tienen una duración de **50 lavados a 60 grados** sin perder características y propiedades UNE 0065 CONFORME.

Todas las mascarillas se producen utilizando los mejores materiales y tejidos, **teniendo en cuenta las recomendaciones de la Organización Mundial de la Salud (OMS)**. El amplio conocimiento y experiencia de la fabrica nos ha permitido desarrollar una solución que combina comodidad con seguridad, protección y diseño.

Además, nuestras mascarillas cuentan con numerosas ventajas:

- **100% Poliéster**
- No crea resistencia microbiana.
- Reduce la acumulación de vapor dentro de la mascarilla
- Inhibe activamente el virus y mata las bacterias en contacto con la superficie del tejido.
- Transpirable y cómoda de llevar
- El propio tejido realiza la función de filtro
- También se pueden usar para cubrir la mayoría de de las mascarillas medicas, FFP1, FFP2, FFP3.

OUR FACE MASKS

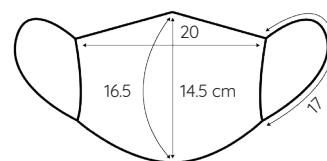

FISURA protective masks are **manufactured in Portugal** by a team of professionals with more than 30 years of experience in the manufacture and design of clothing. They have been tested to last **50 wash cycles at 60°C/140°F** without losing any of its properties.

All masks are produced using the best materials and fabrics, **taking into account the recommendations of the World Health Organization (WHO)**. The extensive knowledge and experience of the factory has allowed us to develop a solution that combines comfort with safety, protection and design.

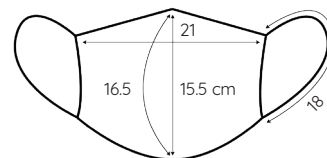

In addition, our masks have many advantages:

- **100% Polyester**
- Does not create microbial resistance.
- Reduces vapor build-up inside the mask
- Actively inhibits the virus and kills bacteria on contact with the tissue surface.
- Breathable and comfortable to wear
- The fabric itself performs the filter function
- You can also use it to cover most of the medical masks, FFP1, FFP2, FFP3.
